CODE TODAY
CHANGE TOMORROW

We design, develop and deliver innovative software solutions that drive growth, efficiency and impact.

2026 - 2027
ACADEMIC YEAR

WWW.STRYDOPROJECTS.COM | info@strydo.com | +91 93626 20620 | Vellore, India

Strydo Technologies Pvt Ltd

About Us

Strydo Industries incorporated in 2012, in Vellore, Tamil Nadu is a resource for locating the best people to help you reach your learning goals. We provide IT training, Research & Development projects, Internship, Web development, Placement assistance, Academic projects, Faculty Development program, and Technical workshops.

We enhance individuals through efficient training methodologies to have a better scope and ideas for their future. It is always important to set us S.M.A.R.T goals to achieve our long term vision and most of us are left helpless in those situations. Our experienced professionals teach you the S(specific),M(Measurable),A(Accurate). R(Reliable), T(Timely) way of approaching your goals.

We believe that when it comes to training, you need to develop true competence in new skills, not just receive an overview of ways and techniques. The best way to assure competence is through facilitated hands on practice. Our students spend at most of their time in class performing structured hands on lab exercises that build competence, confidence, and clarity.

We have professionals with great experience to train an individual bring out their best in areas of innovation, creativity and efficiency. We have served thousands of clients for the past years with great results.

OUR MISSION

Strydo Technologies is an industrial skill provider for students, Faculty and IT professionals. We provide IT training, Research & Development projects, Internship, Web development, Placement assistance, Academic projects, Faculty Development program, and Technical workshops.

Our sole purpose is to create easy ways for skill development and to understand one's desires and help them out in training and guiding them to reach their goal.

Our team's expedition is to help a professional or an individual to work or learn on developing their skill sets and to understand their strength to explore great ways of opportunities and to make them comfortable with their options and ideas.

We are crystal clear about our mission!! Are you? If so join us to have an endearing journey to find the better you!

OUR VISION

Strydo Technologies' authentic purpose is to create an easy room of optimistic juncture for any thriving individual with great deal of passion and hard work.

"Opportunities are not magical, but one's effort and endurance bring them umpteen numbers of opportunities". Our vision is to multiply ways to endure those opportunities and provide world class training to students, faculty, IT professionals, etc.

Strydo's endeavor is to show more rays of hope without any impediment and to be a global leader in industrial soft skill training.

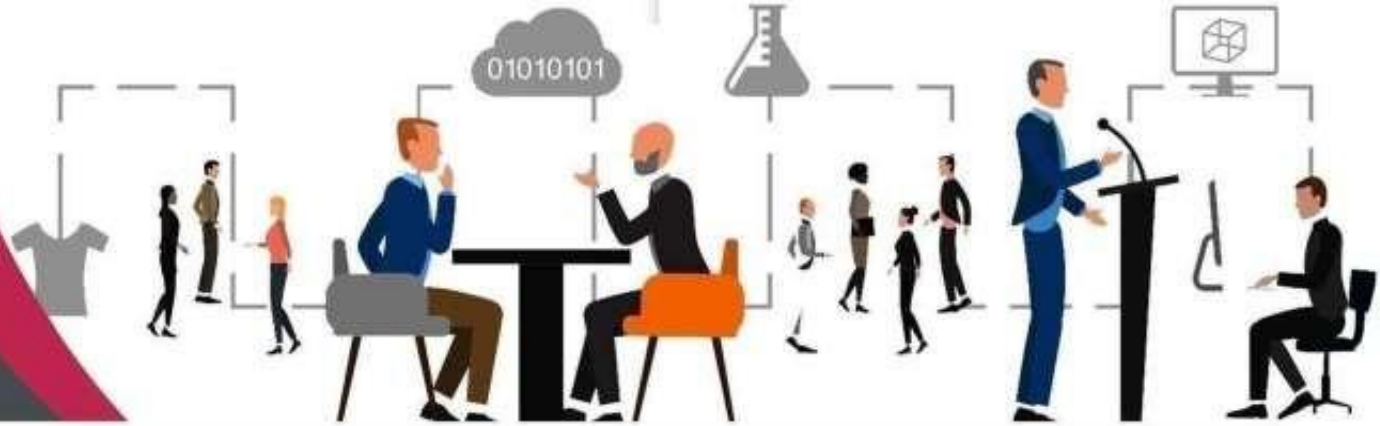

Our Vision is to grab hold of YOUR Vision for you see through it and to see the lights in your path so you can seize game!

Strydo Technologies Pvt Ltd

With a wide range of courses designed for skill development of every individual, the portfolio would be perfect to enable an organization to provide comprehensive development opportunities to all of its employees and students so they can deliver on the organization's goals and strategies.

Strydo Technologies Pvt Ltd

PROJECT TRAINING

METHODOLOGIES

PROJECT - 1

- Title selection and assistance on latest technology
- Analyzing the requirements

MODULES - 2

- Project Design
- Methodology Creation

DEVELOPMENT - 3

- Software Installation
- Coding Execution

REVIEW GUIDANCE - 4

- Completed Project document support
- Per demo Section
- Final VIVA notes

INTERNSHIP - 5

- Industrial Internship Training
- Internship Certificate Based On Industries

JOB ASSISTANCE - 6

- Job Reference
- Placement Training

7.	ITJML07	Machine Learning and Deep Learning Empowered Tweet Sentiment Analysis	2026
8.	ITJML08	Predicting At-Risk Students at Different Percentages of Course Length for Early Intervention Using Machine Learning Models	2026
9.	ITJML09	Early Prediction of ADHD Using Behavioral and Demographic Features: A Comparative Study of Machine Learning and Deep Learning Models	2026
10.	ITJML10	Automatized Medical Chatbot (Medibot)	2026

REALTIME MOBILE APPS

Tools: Reactjs, Spring Boot, MySQL

S.NO	CODE	TITLE	YEAR
1.	ITJMAPP01	Geo-Location Based Attendance Tracking Using Mobile Application and Geofencing Techniques	2026
2.	ITJMAPP02	A Mobile E-Commerce Platform for Sustainable Consumption of Reusable Products	2026
3.	ITJMAPP03	The CoDiet Messaging App: A Mobile App for Transmitting Personalized Dietary Event Alerts	2026
4.	ITJMAPP04	EasyChef: A User Experience–Driven Mobile Application for Enhancing Culinary Learning Among Beginners	2026
5.	ITJMAPP05	TravelEase: Your Intelligent Travel Partner	2026
6.	ITJMAPP06	Smart Restaurant & Cafe Management App	2026
7.	ITJMAPP07	Real-Time Attendance & Employee Management	2026
8.	ITJMAPP08	Smart Healthcare Appointment System	2026
9.	ITJMAPP09	Multi-Vendor Marketplace App	2026
10.	ITJMAPP10	Laundry & Dry Cleaning App	2026

CYBER & NETWORK SECURITY

Tools: Reactjs, Spring Boot, MySQL

S.NO	CODE	TITLE	YEAR
1.	ITJCS01	Deep Learning in Cybersecurity: A Review of Attacks, Defenses, and Interpretability Approaches	2026
2.	ITJCS02	Real Time Cybersecurity Threat Monitoring & Classification System	2026
3.	ITJCS03	Phishing URL Detection Using RNN–LSTM Models for Safer Web Browsing	2026
4.	ITJCS04	SQL Injection in LLM-Generated Queries: Systematic Analysis of Detection Gaps and Security Risks	2026
5.	ITJCS05	Android Malware Detection Using API Calls and Permissions With Random Forest Classifier	2026
6.	ITJCS06	Vulnerability Management Chaining: An Integrated Framework for Efficient Cybersecurity Risk Prioritization	2026
7.	ITJCS07	Joint Cyber-Physical Data-Driven Enhanced Cyber Attack Detection for Power Systems	2026
8.	ITJCS08	Trust, Privacy, and Risk Perception in AI-Enabled Cyber Security Systems	2026
9.	ITJCS09	Smart Cyber Threat Intelligence System for Autonomous Threat Aggregation and Reporting	2026
10.	ITJCS10	Secure Image Hiding Using LSB and Pixel-Shuffling	2026

CYBER & NETWORK SECURITY

Tools: Reactjs, Spring Boot, MySQL

S.NO	CODE	TITLE	YEAR
11.	ITJCS11	Cyber Threat Detection Based on Artificial Neural Networks Using Event Profiles	2026
12.	ITJCS12	MsgFilter: Proactive Anti-Harassment Sender-Anonymous Messaging System	2026
13.	ITJCS13	AI-Based Cross-Layer Vulnerability Management for Cloud-Native Systems	2026
14.	ITJCS14	AI-Based Cybersecurity in Healthcare: A Data-Driven, Governance-Aware Framework for Secure Clinical Systems	2026
15.	ITJCS15	Smart Cybersecurity: A Dataset-Driven Comparative Analysis of ML Techniques for Network Intrusion Detection and Prevention	2026
16.	ITJCS16	Android Malware Detection Using Unified Evolutionary Multi-Domain Cybersecurity Detection Architecture	2026
17.	ITJCS17	Cybersecurity Threat Detection and Mitigation in Islanded Microgrids	2026
18.	ITJCS18	Cybersecurity and Fraud Detection in FinTech Using Machine Learning Techniques	2026
19.	ITJCS19	Network Layer Security in Smart Multi-domain Integrated Learning Environments: Understanding and Mitigating Attacks	2026
20.	ITJCS20	Zero Trust Security for Web Applications in Microservice-Based Environments	2026

MERN

Tools: MONGO DB, EXPRESS JS, REACT JS, NODE JS

S.NO	CODE	TITLE	YEAR
1.	ITJMERN01	Blockchain-based Transparency in Agri-food Supply Chain	2026
2.	ITJMERN02	Consortium Blockchain Model for Donation Fund in Corporate Social Responsibility (CSR)	2026
3.	ITJMERN03	Blockchain-Based Electronic Voting System for Tamper-Proof Elections	2026
4.	ITJMERN04	Blockchain Based E-Tendering System	2026
5.	ITJMERN05	Health Care Blockchain: A Prototype for Secure Medical Records Using Blockchain	2026

STRYDO TECHNOLOGIES PVT. LTD.

ABOUT US

Strydo Technologies Pvt. Ltd. is a forward-thinking software solutions company dedicated to delivering innovative, scalable and secure digital solutions. We empower businesses to grow and transform in a rapidly evolving digital world through technology, creativity and a commitment to excellence.

OUR SERVICES

SOFTWARE DEVELOPMENT
Custom software solutions that drive efficiency and growth for your business.

MOBILE APP DEVELOPMENT
User-centric mobile apps for Android and iOS that deliver real impact.

CLOUD SOLUTIONS
Scalable, secure and cost-effective cloud solutions tailored to your needs.

CYBER SECURITY
Solutions to protect your data, applications and infrastructure from modern threats.

AI & MACHINE LEARNING
Intelligent systems that learn, adapt and help you make smarter decisions.

DATA & ANALYTICS
Transform data into actionable insights and drive business intelligence.

DEVOPS & AUTOMATION
Streamline your workflows and accelerate delivery with DevOps practices.

UI/UX DESIGN
Designing engaging experiences that users love and remember.

WHY CHOOSE US?

CLIENT FOCUSED
We listen, understand and deliver solutions that truly fit your needs.

QUALITY DRIVEN
We follow best practices to ensure high-quality, reliable and secure software.

INNOVATION FIRST
We embrace new technologies and ideas to keep you ahead of the competition.

EXPERT TEAM
A passionate team of skilled professionals committed to your success.

ON-TIME DELIVERY
We value your time and ensure timely delivery without compromising quality.

TECHNOLOGIES WE WORK WITH

Java | Spring Boot | React | Node.js | Python | MySQL | AWS | Docker | Git

OUR PROJECT DEVELOPMENT LIFECYCLE

01 DISCOVER — Understanding your business, goals and challenges.

02 PLAN — Strategy, requirement analysis and roadmap planning.

03 DESIGN — Wireframes, UI/UX design and system architecture.

04 DEVELOP — Agile development with clean, scalable and secure code.

05 TEST — Rigorous testing to ensure quality and performance.

06 DEPLOY — Smooth deployment and integration into production.

07 SUPPORT — Ongoing support and maintenance for continuous success.
